Achievements

Od 1991 roku inwestujemy w jakość i najnowocześniejsze technologie. Dzięki wysoko wykwalifikowanej kadrze w efektywnych procesach przemysłowych realizujemy zlecenia pojedyncze i wielostanowiskowe. Kojarzona z marką premium fabryka MARO m.in. jako pierwsza w Polsce wprowadziła technologię laserową i jako pierwsza wdrożyła normy ISO 9001.

Since 1991 we have been continually investing in the quality of our products, people and systems and employing the very latest cutting-edge technology on our production lines. MARO was the first company in Poland to not only introduce laser technology in to the production process but also to be accredited with ISO 9001 quality standard for Quality Management Systems. This blend of advanced technology combined with our highly qualified and experienced staff, allows us to cater for both small individual orders and larger contracts with the same care and precision.

Seit dem Jahr 1991 investieren wir in Qualität und in modernste Technologien. Mit den neuesten Maschinen und hochqualifizierten Mitarbeitern sind wir in der Lage die Produktionsprozesse effizient zu gestalten. Egal ob Großprojekte oder Sonderwünsche – wir realisieren sie. Als erstes Unternehmen im Land hat MARO die strengen Qualitätsmanagementnormen ISO 9001 erfüllt und gilt auch als Pionier der Einführung von Lasertechnologie im Bereich der Büromöbelherstellung in Polen.
